Startup Development & Support

HKSTP Programmes

1 *Lean Launcher*

Take your discoveries from the lab to the market. HKSTP's Lean Launcher accelerates the startup process for scientists, providing mentorship and job-ready skills in just three hours weekly.

2 *Ideation*

Designed to help tech-focused entrepreneurs like you turn their brilliant ideas into reality, our one-year startup support programme unleashes your creativity and sets you up with comprehensive support to help your business take off!

▶▶ **Funding:** Up to **US\$12k**
(HK\$100k)

3 *Incubation*

Creating world-changing products is challenging, that's why we support you at every step, making your dreams a reality and empowering you to succeed. This comprehensive three-year programme offers a host of services, including funding and R&D support, mentorship, investor matching, and beyond.

▶▶ **Funding: General** Up to **US\$164k**
(HK\$1.3m)

Biotech Up to **US\$769k**
(HK\$6m)

HKSTP Programmes ▶▶

4

Acceleration

Get ready to spread your wings and experience an accelerated journey towards global expansion with our game-changing Acceleration Programme. Tailored for high-potential startups across all industries, this growth-stage business acceleration programme has proven its worth.

▶▶ **Funding:** Up to **US\$615k**
(HK\$4.8m)

5

Elite

The Elite Programme is here to empower you to reach new heights of innovation, expansion, and unparalleled achievements. Your time to shine as the next unicorn is now!

▶▶ **Funding:** Up to **US\$2.75m**
(HK\$21.5m)

6

Strategic Enterprise

Exclusive opportunity for technology giants to tap into one of the fastest growing I&T ecosystems in Asia.

HKSTP Programmes

7 *China Expansion & East/West Globalization*

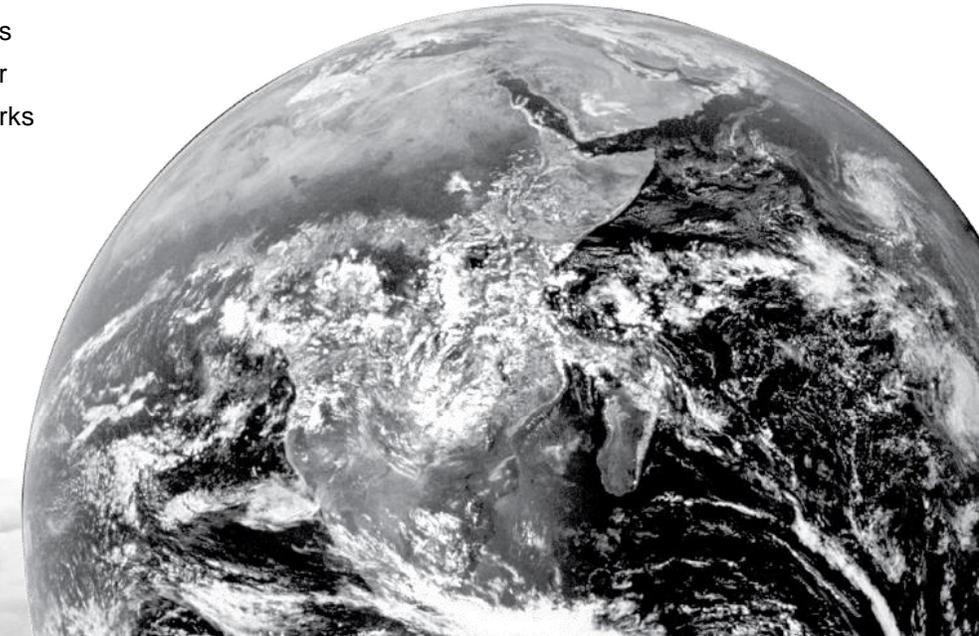

Uniting the vibrant innovation ecosystems of Hong Kong and neighbouring cities, fostering cross-border collaborations and propelling regional economic growth.

Embracing the dynamic fusion of Eastern and Western cultures, fostering global partnerships, and facilitating the exchange of knowledge and ideas to fuel innovation on a global scale.

8 *Co-Development & Partnership*

Forge strategic alliances with industry leaders, academia, and government bodies, fostering a synergistic ecosystem that propels innovation, drives economic prosperity, and creates transformative solutions for the future.

A collaborative platform where innovative minds converge, providing a nurturing environment for startups and entrepreneurs to thrive and networks with industry key players.
