

## HONG KONG SCIENCE AND TECHNOLOGY PARKS CORPORATION

### Admission Application for Advanced Manufacturing Centre at 18 Chun Cheong Street, Tseung Kwan O INNOPARK (Ref: AMC/A013)

Hong Kong Science and Technology Parks Corporation (HKSTP) manages three INNOPARKs in Tseung Kwan O, Tai Po and Yuen Long, aiming to support innovation and technology-driven manufacturing activities by providing suitable multi-storey industrial spaces, and/or land resources to facilitate the development of new industrial operations in Hong Kong.

**Advanced Manufacturing Centre (AMC)** at 18 Chun Cheong Street, Tseung Kwan O INNOPARK is a pilot project to promote New Industrialisation. With a Gross Floor Area (GFA) for lease of about 108,580 square metre (or about 1.17M square feet / sfG) on the 2.71 hectares site, the building aims to provide specialised production space for users to set up operations adopting new technology and create high-skilled employments. This in turn meets the needs of the new economy and bring about wider economic benefits to Hong Kong.

HKSTP is now inviting interested companies from industries for the application of production areas in AMC. Application briefing and site visit will be arranged upon request, interested parties may contact Advance Manufacturing team at +852 2629 6908 or email to [amc@hkstp.org](mailto:amc@hkstp.org).
